

Territory-wide System Assessment 2012
Secondary 3 English Language

Tapescript Part 3 (9EL1) & Part 2 (9EL2)

Narrator: *You are doing a project on the latest advances in technology for your Information Technology class.*

Your teacher plays you an interview between Stephanie Warcraft, the managing director of a technology company, and a reporter about a new item and its features. Listen to the interview and answer the questions. The interview will be played twice. Do as much as you can the first time and answer all questions the second time. You now have 30 seconds to read the questions. (*music 30 secs.*)

The listening will begin now.

[Reporter Let's welcome the Director of *Games 4 You*, Stephanie Warcraft, to talk about the latest news in the world of gaming!

Director – Stephanie Warcraft Imagine playing your latest computer game and instead of just watching the action on the screen, you get to see it in front of you in 4D!

Reporter Wow! That sounds amazing! How does it work?

Director - Stephanie Warcraft We have a partnership with Fruit Computers and are able to use the keyboard in the Foldy to take our games to the next level!

Reporter Stephanie, lots of gamers are waiting to see the 4D in action!

Director - Stephanie Warcraft We have had some early previews and here are some gamers who have experienced the 4D gaming revolution for themselves!

Gamer 1 All I can say is wow! The images were clear and the game just came to life in front of me. The greatest thing is that unlike 3D, 4D doesn't require the user to wear glasses.

Gamer 2 You can also blow up the screen size and it can be as big as you like – I felt as if I was a part of the game because when I blew it up, I was also able to walk around in the game itself!

Director - Stephanie Warcraft Our next step will be to invent a device that the user can wear which will let them walk into any game anywhere, anytime and play. Imagine, your home or your bedroom could become a jungle or a warzone or even a romantic city and you would be right in the

middle of it!

Reporter Amazing! This brings us to the end of our press conference. Come to Compufair to see all these things and more. It opens..... (*fade out*)]

Narrator: Now listen to the interview again. {*Repeat []*}

Narrator: You have 30 seconds to check your answers. (*music 30 secs.*)

This is the end of Part 2 / 3.

This is the end of the listening paper.
