Tina, Jimmy and Leon wrote some articles for their school magazine.

Read their articles.

Students already spend too much time on their mobile phones. If they also use their phones at school, they will just chat with friends all the time. They will not pay much attention in lessons. Some may even cheat in tests by using their phones!

Tina Leung (Class 6A) 5

Mobile phones can be very useful at school. We can look up difficult words in an online dictionary. We can also contact our friends easily. We can even call our parents when something bad happens.

Jimmy Yeung (Class 6B)

Some people say mobile phones will disturb lessons. However, if we use them correctly, they can help us learn. Last week we did a group project at school. Our teacher allowed us to look for information on our mobile phones. The lessons were much more interesting.
