

1. 在 Windows 10 桌面的左下角按「開始」按鈕。

Click the “Start” button at the bottom left corner of the Windows 10 desktop.

2. 選擇「所有應用程式」→「W」→「Windows 附屬應用程式」→「Internet Explorer」以開啟 Internet Explorer 11。

Select “All apps” → “W” → “Windows Accessories” → “Internet Explorer” to start Internet Explorer 11

3. Internet Explorer 開啟後，如仍未能進入「基本能力評估」網站，請設定「相容性檢視設定」。

After Internet Explorer starts, if necessary please set the “Compatibility View Setting” to visit our website.
