Your principal has asked the Student Welfare Committee to organise tutorial classes for students. You and two other members of the Committee are talking about how to organise the classes.

In your discussion, you may include:

- who to help e.g. students with poor results, lower form students...
- what to teach
- who can teach the classes
- details of the classes e.g. how often, how long for each lesson...
- anything else that you think is important

You may begin by saying:

We are organising tutorial classes for students. First, let's talk about who we should help in these classes.
