Forget your exams and tests!
The summer holidays have begun.
Put away your books and notes.
Let's just relax and have fun.

1

Play computer games? Watch TV?
To do only these is boring!
I've decided to learn something new,
Like cycling or boat rowing.

5

The beach is my favourite spot
To sunbathe, swim, dive and play.
If only the sun would never go down
And would keep me company night and day.

10

Last summer I flew to Japan and Korea.
This year I am off to Singapore.
And if my parents can afford it
Perhaps to a few countries more.

15

Oh the holidays are just too short!
How can I finish all I plan to do?
I wish they were ten times longer.
Don't you, my friends, think so too?

Answer Questions 1 – 5.

Exercise

Machines do a lot of work for us. With the help of machines, we do not 1
need to work as hard as before. We have become less active. However, as the
saying goes, ‘Use it or lose it’. If we don’t use our bodies, we will not be
healthy. Our muscles will become weak and our hearts will not work well. We
need to stay active to keep healthy. Therefore, we need exercise. 5

Exercise is good for us in many ways. First of all, exercise takes away
harmful and useless things from our bodies. It cleans our bodies like spring
cleaning. Our clean and healthy bodies then keep us away from diseases, such
as heart disease. Moreover, exercise makes our muscles and bones grow
stronger. With stronger muscles and bones, some pains like back pain or knee 10

Exercise is important not only for our bodies, but also for our minds. 1
When we exercise, our brains give out a substance that makes us feel great.
After exercise, our minds become clearer so that we can work faster in the
daytime and sleep better at night.

Exercise makes us feel good about ourselves, too. Doing regular 5
exercise improves our appearance as it helps us burn fat and keeps us in good
shape. When we become fit and healthy, we have greater confidence.

What's more, group exercise like team sports improves our relationship
with people. It gives us chances to play together so that we can learn how to get
along with others better. 10

Doing exercise is not difficult. Even if we have no time for running or
swimming, we can do simple things like housework. To stay healthy and happy,
everyone should spend 30 minutes doing exercise each day.
