The principal wants students to be fit and healthy. He has asked the members of the PE Club to organise a health and fitness programme for students. You and two other members of the club are talking about the programme.

In your discussion, you may include:

- how to get students to join the programme
- what activities can be included in the programme e.g. classes run by teachers, activities outside of school...
- what the benefits are e.g. healthy students, better exam results...
- when and where to hold the activities
- anything else that you think is important

You may begin by saying:
