Love Our Countryside

Many people like going to the countryside. Here are some tips:

We should take our rubbish home. As many rubbish bins have been taken away from the countryside now, people just throw things everywhere. They leave behind cans, bottles and masks. The most common rubbish that volunteers collect is tissue paper.

We should not feed wild animals. There are monkeys and wild pigs living in the countryside. If they are given food as a habit, they may attack people to get food, and this may cause injuries.

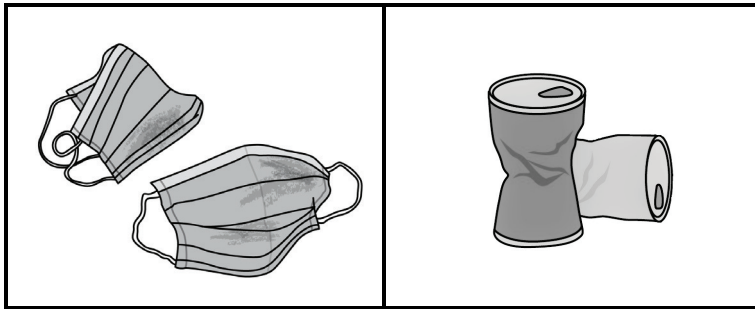

We should only have barbecues at barbecue pits. Don't start fires in other places because this may cause hill fires. Trees are like the lungs of a city because they make the air clean for us to breathe. If they are burned, it will take many years for them to grow again. Many animals will also lose their homes.
