Amazing Animals

From the sea

The common octopus is a sea animal with eight arms, three hearts and blue blood. It is an intelligent animal that can solve puzzles and use tools. Moreover, it is a 'great escape artist'. When in danger, it shoots ink. This gives it a chance to escape. To hide itself, it can change its skin colour to match the environment. It has a soft body and can fit in small spaces too.

From the end of the Earth

The Arctic tern is a bird with narrow wings and a tail with two points. It is well known for having one of the longest flying journeys. It always follows the summer sun. Every year, before winter comes, it flies from the Arctic to Antarctica to enjoy summer in the south. When the season changes, it returns north to the Arctic. There, it often finds a suitable area to nest and take care of its babies.

My Neighbours

In the house next door lives Mr Lee,
Who loves cooking food from the sea.
When Mum asks him for recipes,
He shares them with her happily.

Mrs Chan loves to show how she cares
By spreading warmth everywhere.
Her knitting needles moving fast,
She makes clothes like warm hugs that will last.

Before noon, you'll find Miss Tam.
Running in the park, she's a fitness fan.
She gives useful tips on health and body care,
Keeping everyone fit, here and there.

When Mr Ma hears someone bawl,
He makes sure no more tears will fall.
His laughter rings and spreads around,
Bringing fun, like a joyful sound.

Hi Bella,

Long time no see. How are you and your three puppies? Do you remember the graduation study tour I told you about? I've just returned from Singapore. There's so much to share!

We spent the first two days at a local school. On Day 1, we had to introduce ourselves in front of everyone. I shook like a leaf! Luckily, everyone encouraged me by clapping and cheering. I made many friends after playing group games. I found that two of my new Singaporean friends love watching music shows just like me!

On Day 2, we had classes with the students. We joined their English, Maths and Science lessons. We learnt about their school life and how it's different from ours. It was an interesting experience.

We also visited some famous tourist spots. On Day 3, we went to a theme park. Then, we went to Merlion Park. The Merlion has a lion's head and a fish's body. I got you a postcard of it! At night, we watched the Supertree music and light show in Gardens by the Bay.

On the last day, we went to a zoo. We saw penguins, giraffes and zebras. I wanted to hear the lions roar! Sadly, they were sleeping. Before going to the airport, we visited a hawker centre and had chicken rice. It was delicious!

We should visit Singapore together! Please check when your next holiday is. Bye for now. Let's keep in touch.

Best wishes,
Jane
